

**" Education is the most powerful weapon which can be used to Change the society as a whole."**

**It gives me immense pleasure to introduce the school website. *Naisargram High School* is a proud mission driven community providing a quality education, celebrating the fact that each student is different, as a person and as a learner. Established in the year 1972, the school has been an integral part of the society. Surrounded by history and nostalgia, the campus is an alcove of knowledge to all the people who seek education within the walls of the school. We feel very happy to be a part of this establishment .The students coming from different communities and religions form an eclectic group in this rural and under developed area which primarily consist of an agrarian population. We are serving here true to our potential to transform the young ones into a potential source of knowledge, energy and strength. A dedicated team of teachers, administrative staff, co-operative parents and a management imbued with great vision form a unified team to fulfill our motto.**

**I am confident enough that the student will make themselves stronger day by day adding a new leaf to the grandeur of the school.  
Warm regards,**
